TAKE THE LEAD WITH TJM.

At TJM, we understand the importance of being prepared: prepared for the adventure you're searching for and prepared for the unexpected bumps along the way. That's why we design, test and manufacture products to help you get 4x4 equipped to take on the most challenging off-road conditions imaginable. So, what are you waiting for?

It's time to Take The Lead with TJM.

TJM ULTIMA 215 & 180 DRIVING LIGHTS.

TJM Ultima LED Driving Lights are the ultimate driving light for any adventure. Available in two sizes - 180mm and 215mm - which utilise a perfectly balanced combination beam pattern. Ultima driving lights deliver outstanding light output while boasting a ruggedised construction. Each light features premium Cree® XP-G2 LEDs, which are expertly directed by an aluminium metallised reflector with precisely scalloped parabolas.

While delivering unparalleled control and performance, TJM Ultima LED Driving Lights are also exceptionally durable and versatile thanks to their pressure die cast aluminium housing, tool-free vertical adjustment and hard-coated polycarbonate lenses and lens protectors.

UNPARALLELED PERFORMANCE.

- Class-leading hybrid beam pattern combines volume for off-road 4WD use and long range performance for transport.
- Highly polished, super-efficient aluminium metallised reflector utilising precisely scalloped parabolas for ultimate control and performance.
- Signature in-built LED light pipe meets ECE requirements for front position light improving daytime driving visibility and safety.

Engineered to survive

- Constructed from lightweight, super strong pressure die cast aluminium.
- Run harder for longer with inbuilt Active Thermal Management System (ATMS).
- Fully sealed against water and dust ingress (IP66 & IP67) utilising a genuine Gore-Tex® breather vent and integrated DT connector.
- Virtually unbreakable hard-coated polycarbonate lens and see-through lens protectors for stone and debris protection.

Unique fit & adjustment

- Tool-free vertical adjustment affords quick on-the-fly beam correction via ergonomic aluminium adjuster knob.
- Multi-slot 3-bolt mounting options ensures suitability for all bull bar and nudge bar makes and models.
- Superior mounting bracketry suspension system utilises polyurethane grommets to suspend the lamp, making it impervious to shock and vibrations.

Includes LED Driving Light Wiring Harness

This TJM Ultima LED driving light kit is matched with our heavy-duty 'Plug-and-Play' LED driving light wiring harness. It is a premium kit that has been tailored specifically for these lamps to ensure they operate at their optimum performance level. It contains everything you need for an easy, professional installation.

Customisable appearance

It's easy to customise the look of your TJM Ultima LED driving lights. With your choice of three inner trim pieces - TJM Yellow, Camo Green and Stealth Black - you can mix and match your lights to perfectly suit your look.

Tinted & clear lens protectors

TJM Ultima lens protectors are constructed from hard coated polycarbonate to add an extra level of rugged durability to your driving lights, effortlessly protecting them from stone and debris. TJM Ultima LED driving lights come with both clear and stealthy dark tinted lens protectors.

TJM ULTIMA 215.

TJM Ultima 215 LED Driving Lights radiate what's in front of you with over 21,000 raw lumens in a class-leading beam pattern - making them tailor-made for the most challenging journeys. The 215's outstanding output is delivered by a light that's been intelligently designed for superior performance and unbeatable durability. With TJM Ultima's fitted to your vehicle, you can make driving in low-light conditions easier and safer than ever.

Specifications

Input Voltage	9-33V
Current Draw @ 12V	14.4A
Power	165W
LEDs	33 x 5 watt Osram LEDs
Effective Lumens	21,780 raw / 15,410 effective
Operating Temp	-40°C to 65°C
Colour Temp	5700°K
Colour Rendering Index	72
Housing	Pressure die-cast aluminium
Lens	Hard coated polycarbonate
Heat Management	Active Thermal Management System (ATMS)
Protection	Reverse polarity protection
EMC	ECE R10
IP Rating	IP66 & IP67
Weight	3.2kg each

Dimensions are measured in mm without lens cover.

TJM ULTIMA 180.

TJM Ultima 180 LED Driving Lights allow you to drive with supreme confidence in low-light conditions, thanks to their 15,000 raw lumens and class-leading beam pattern. TJM Ultima's are crafted from quality materials that are engineered to provide an even spread of light in front of you and exceptional light penetration ahead of you, giving you a driving light that performs in every possible situation.

Includes LED Driving Light Wiring Harness

TJM 'Plug-and-Play' wiring harness for easy installation of TJM Seeker Series driving lights.

- Includes HB3 and H4 adaptors for high beam circuit.
- DT weatherproof connectors.
- Waterproof fuse holder with 30A fuse.
- Includes illuminated rocker switch.
- Suitable for 12V vehicles.

Front: TJM Seeker Series Rock 21" Light Bar and Side Shooters.

Side: TJM Seeker Series Twin Work Lamps. Rear: TJM Seeker Series Pod Lamps.

22" Light Bar

Powerful and versatile, two rows of 20 high output Osram 3W LEDs generate 5807 effective lumens and produces 1 lux at 555m, while its combo beam pattern generates an even spread of light around you.

21" Light Bar

A slim yet highly effective light bar that generates 3917 effective lumens and produces 1 lux at 438m. Its combo beam pattern creates a balanced spread of light from its 15 high-output Osram 3W LEDs.

9" Light Bar

Small but mighty, the TJM Seeker Series 9" Single Row Light bar produces 1 lux at 297m thanks to its advanced spot beam pattern. A lightweight aluminium housing surrounds 6 high output Osram 3W LEDs.

Pod Lamp

A compact work light that produces over 700 effective lumens thanks to its 4 high output 3W Osram LEDs. Its flood beam makes it perfect for lighting up what's in front of you with a broad and even spread of light.

Slimline Work Lamp

This low-profile work lamp sports 6 high output Bridgelux 3W LEDs that create 1150 raw lumens in a wide and even flood beam, making it perfect for lighting up broad areas on either side of your vehicle.

Twin Work Lamp

Perfect for trackside and campsite illumination, the TJM Seeker Series Twin Work Lamp produces 565 effective lumens thanks to a pair of 5W Cree® LEDs that generate a broad flood beam.

Side Shooters

The TJM Seeker Series Side Shooter produces 2,850 raw lumens thanks to its 15 carefully arranged 2W Osram LEDs. Available in pairs, its spot beam configuration generates powerful light penetration that makes it perfect for camping, off-road and on the job use.

Rock Light

Discreet and versatile rock lights that produce crisp, white light thanks to their innovative Cree® LED technology. Featuring three 3W LEDs that produce 810 raw lumens in a wide, functional flood beam, the TJM Seeker Series Rock Lights come with flat and curved mounting pads.

Wiring Harness

This plug and play wiring harness makes installing TJM lights easy. Included are HB3 and H4 adaptors for high beam circuitry, DT weatherproof connectors, a waterproof fuse holder with 30A fuse and an illuminated rocker switch.

Tube Mounts

These tube mounts, which are made from extruded aluminium and finish in durable black powder coat, allow for easy installation of TJM driving lamps, light bars and auxiliary lights to nudge bars and bull bars.

C'MON IN, THE WATER'S FINE

Snorkels are commonly the first accessory fitted to a four-wheel drive, and with good reason.

The air quality at roof level is cleaner and cooler than air travelling through and around the bonnet, which means greater fuel efficiency and less clogging of air filters when a snorkel is fitted.

GEAR TO GET YOU OUT OF THERE.

Vehicle recovery is a potential part of most off-road journeys – be prepared for the unexpected with TJM's range of recovery kits, winches, recovery tracks and more.

WINCH, WINCH NUDGE, NUDGE.

A TJM Torq Winch is an essential risk-management tool when venturing to exciting off-road destinations. Our range of Torq Winches have superior power for increased line speed and faster recovery and, because they're available in a wide range of 9,500lb and 12,000lb options, there's a TJM Torq winch to fit your 4x4.

A SPOT IN THE SHADE WHEREVER YOU GO.

A TJM awning gives you instant comfort and protection from the elements wherever you pull up. Swift to set up in under 30 seconds and simple to pack away, TJM awnings are available in three sizes to perfectly suit your travel style.

POWER TO TAKE YOU FURTHER.

Power and communications solutions help you stay on the road (and off the beaten track) safely, more comfortably and for longer. Get equipped at TJM with battery management systems, UHF radios, solar power solutions and more.

BLOW AWAY THE CHASING PACK.

The TJM Pro Series compressor range delivers faster inflation and longer running times thanks to their high flow rates, innovative convection cooling system and 100% Duty Cycle. Meticulously designed and brilliantly engineered, TJM Pro Series compressors boast unbeatable endurance and performance.

SET UP CAMP.

JOIN OUR CLUB.

GET OFF-ROAD SOONER.

With TJMs extensive camping range along for the ride, setting up camp is easy. From our range of lightweight yet seriously tough camping chairs, to fixed, portable and hybrid camping lights, storage solutions, umbrellas, tumblers and more – if you're after impeccable comfort when you're camping off the grid, TJM has more than got you covered.

Join Club TJM today to get access to heap of exclusive member-only benefits: sneak peeks at new products, special offers on gear, entry to mouth-watering competitions, quick and easy online quoting and VIP guides and off-road tips to help you explore more.

Buy now, pay later with Zip. Enjoy interest-free payments on purchases at TJM so you can get equipped with anything from a camp chair to a full 4x4 fit-out, today. With Zip, you can own what you love and pay how you like.

GET EQUIPPED FOR ANYTHING.

4x4 FITOUTS

Every TJM distributor is equipped with a fully functional workshop and experienced fitment staff that can help get your 4x4 ready for whatever lies ahead. After purchasing fitted accessories like a bull bar, recovery winch, side steps, canopies and more, simply ask our team to organise fitment of your new gear to your vehicle.

SUSPENSION & GVM UPGRADES

Upgrading your vehicle's suspension system or Gross Vehicle Mass (GVM) enhances your 4x4's on and off-road potential by increasing its ride, comfort, handling and load-carrying capability. As suspension experts, TJM can tailor a suspension solution to suit you, your vehicle and the loads you need to carry.

COMMUNICATIONS INSTALLATIONS

Tools like antennas and UHF radios combine to give you the ability to communicate with other travellers and get help in emergency situations when in remote areas. Find out which setup is right for you and get it installed in your vehicle quickly and professionally visiting a TJM distributor and consulting with our experienced team members.

DUAL BATTERY SYSTEM SETUPS

If you want to have instant access to power from your vehicle – whether it's to power camping lights, a fridge or various 12v appliances – an auxiliary power system is essential. Talk to your local TJM distributor to find the right system and to get our expert team to install it, giving you peace of mind and the power to go further.

STORAGE SOLUTIONS

You can store more and do more with your 4x4 thanks to TJM's range of exceptional storage solutions. Ranging from customised drawer systems to ute canopies that seamlessly integrate with your vehicle, TJM has the perfect storage solution to help you carry more gear, access it faster and protect it better.

PRE-TRIP INSPECTIONS

Any off-road trip can be cut short if your vehicle is not properly prepared for the journey. Guard yourself and your vehicle from some potential surprises by getting our expert staff to have a look at the state of your 4x4 before you hit the road.

WE'VE GOT YOUR BACK!
