4X4 EQUIPPED

TAKE THE LEAD WITH TJM.

At TJM, we understand the importance of being prepared: prepared for the adventure you're searching for and prepared for the unexpected bumps along the way. That's why we design, test and manufacture products to help you get 4x4 equipped to take on the most challenging off-road conditions imaginable. So, what are you waiting for? It's time to Take The Lead with TJM.

TAKE
THE
LEAD.

4X4 EQUIPPED

OUR LEGENDARY STRENGTH STARTS WITH OUR SOLID FOUNDATION.

Our innovative winch frame mount system not only gives your recovery winch a secure home, but its connection to your vehicle's chassis is so strong that it allows us to include rated recovery points as standard - giving you the strongest possible bull bar and an extra recovery tool all at once.

FIGURE 1

FIGURE 2

FIGURE 3

OUR PATENTLY STRONG STEEL WINCH FRAME CREATES A SECURE HOME FOR YOUR CHOICE OF RECOVERY WINCH.

8000_{KG}

OUR DESIGN IS SO STRONG THAT RATED RECOVERY POINTS AREN'T A BOLT-ON EXTRA - THEY'RE A STANDARD FEATURE.

Image for illustration purposes.

TJM ENGINEERS REPLICATE THE VEHICLE'S CRUSH CHARACTERISTICS THROUGH OUR UNIQUE MOUNTING SYSTEM. WE'VE ACHIEVED THE MAXIMUM PROTECTION FOR YOU AND YOUR VEHICLE WITHOUT AFFECTING THE VEHICLE'S AIRBAG TRIGGERING SYSTEM.

AND ENDS WITH ONE OF THE MOST FEATURE-PACKED BARS IMAGINABLE.

Our bull bars are designed to be as functional as they are strong, which allows your 4x4 to reach its true potential.

TJM OUTBACK BULL BAR.

TJM's Outback bar for the Toyota HiLux incorporates a high-flow grille system to ensure the Toyota powertrain receives as much airflow as possible while still maintaining optimal strength during impact events. Its purpose-built design is made from high-strength steel and finished with our world class powder coat to maximise durability in the harshest conditions imaginable.

WEIGHT WITHOUT ACCESSORIES = 79KG
 LENGTH IN FRONT OF BUMPER = 145MM
 DISTANCE BETWEEN CATOS = 720MM

Features and benefits

- 63mm^ø tubing.
- One piece rolled Cato uprights.
- Wing under guards and centre guard.
- 20mm channel radius for added strength and style.
- Designed for optimal approach angle.
- Reinforced T-slot recovery jack points.
- Accommodates large driving lights.
- Provision for fitment of dual aerials.
- Flush steel mounted LED combination indicator/park lights with tough polycarbonate lenses.
- Does not void your new vehicle warranty.
- Stylish honeycomb grille.
- Fog light blanking covers standard, optional fitment of TJM LED fog lights (Available separately).

Technical specifications

Safety	Compatible with Toyota Safety Sense - Lane Departure Alert (LDA), Pre-Collision Safety system (PCS) with pedestrian detection and Active Cruise Control (ACC).
Winch compatibility	Rated to take up to 9,500lb winch.
Recovery points	Combined 8000kg rating with equaliser strap.
ADR	Australian Design Rule compliant.

 UNBEATABLE VEHICLE PROTECTION	 ALL-STEEL CONSTRUCTION	 CATO STRAPS FOR EXTRA IMPACT RESISTANCE	8000 _{KG} RATED RECOVERY POINTS STANDARD	 READY FOR ACCESSORIES

Crafted from polished alloy and backed by TJM's advanced bull bar design, the TJM Signature bar adds a high level of protection and undeniable aesthetics to any 4x4.

TJM CHASER SERIES BULL BAR.

Make a statement with a TJM Chaser Series bull bar. Sporting a boldly angular design, the Chaser features an imposing 63mm^ø upper tube and a 50mm^ø lower tube that's positioned to create the optimal approach angle for overcoming obstacles. Accented with brushed stainless-steel grilles and an innovative wing design, the Chaser Series is imbued with a modern, aggressive style.

WEIGHT WITHOUT ACCESSORIES = 61KG
 LENGTH IN FRONT OF BUMPER = 147MM
 DISTANCE BETWEEN BEND LINES = 800MM
 (DOES NOT SUIT DEEP LIGHT BARS)

Features and benefits

- Lightweight design.
- 63mm^ø upper tube.
- 50mm^ø angled lower tube.
- LED driving and work light mounting options.
- Suits single row light bars.
- Reinforced T-slot recovery jack points.
- Provision for fitment of dual aerials.
- Does not void your new vehicle warranty.

Combining a proven bull bar design with extraordinary functionality, the TJM Tradesman bar is equipped for any job.

TJM RB6 REAR STEP TOW BAR.

Whether you're on a bumpy track or in a carpark, the back of any 4x4 is susceptible to panel and bumper damage. With a TJM RB6 Rear Step Tow Bar, you can guard the back of your 4x4 and give yourself peace of mind. Thanks to its thick 63mm^Ø steel tubing and durable alloy treadplate, a TJM RB6 Rear Step Tow Bar offers supreme protection while making rear vehicle access simple and safe.

- 63mm^Ø steel pipework for excellent rear protection.
- Durable and light weight alloy checker plate step provides easy access to the rear of the vehicle.
- Reinforced T-slot recovery jack points.
- 50A Anderson plug mount.
- Provision for 7 pin and 12 pin trailer connectors.
- Provision for OE reverse park assist accessory.
- ADR62 certified, class 4 heavy duty towbar*.
- Does not void your new vehicle warranty.
- Tested for maximum towbar capacity 3500kg - maximum towball down load 350kg. Refer to manufacturer's handbook for maximum towing loads.

*Towball not included with tow hitch.

Add extra protection and functionality to the back of your 4x4 with a TJM rear bar.

TJM SIDE BARS & SIDE STEPS.

TJM Side Bars and TJM Side Steps allow you to protect and access your HiLux with ease. TJM Side Bars feature a strong yet lightweight 63mm^Ø tube section that provides optimum protection for the guards, along with additional support for your bull bar's tubing and side steps.

- 63.5mm^Ø steel tubing provides unrivalled wheel arch, flare, and panel protection.
- Design to be modular, TJM Side Steps can be fitted independently to the TJM Side Bars.
- Airbag compatible mounting system - does not void your new vehicle warranty.
- ADR compliant.

Technical specifications

Material	Alloy checker plate step tread.
Size	Chassis mounted 63mm ^Ø tube.
ADR	Side airback compliant.

TJM ROCK SLIDERS.

TJM Rock Sliders provide comprehensive side protection for travellers who love to tackle challenging terrain. Multiple mounting positions ensure your vehicle is supported across the entire length of the rock slider, which features a textured black alloy tread and lower in-fill sections, while it's easy to integrate TJM Seeker Series Rock Lights for added security and low-down illumination.

- Slimline styling that sits tightly into the vehicle body.
- Removable alloy styling in-fill panels.
- Side airbag compatible.
- 2 x high-lift jack points per side.
- 2 x rock light mounting positions per side.

Technical specifications

Material	Black powdercoat steel tube with black texture alloy plate step treads.
Size	Chassis mounted 50mm ^ø tube with 70mm SHS skid rail.
ADR	Side airback compliant.

AEROKLAS ROLLER COVER.

Keep your belongings safe and secure with the lockable ute tub roller cover. These roller covers feature a black anodised premium grade aluminium body which is designed to be tough and impenetrable yet light weight.

The adjustable spring tension roller system allows you to create an opening speed that you're comfortable with. This roller system also includes a three-stage locking mechanism and pull strap for easy opening and closing.

Water from rain and washing won't be a problem for these roller covers due to an integrated 4-point drainage system for maximum water dispersion.

AEROKLAS UTE LINER.

Designed to protect and made to last, Aeroklas Ute Liners are the perfect shield for the inner side of your ute bed.

Aeroklas Ute Liners are constructed from High-Density Polyethylene (HDPE) plastic, which is incredibly strong, lightweight and maintenance-free. The strength and durability of this material eliminates the risk of the ute liner chipping or cracking.

Technical specifications

HDPE Construction	Robust yet flexible. Eliminates the risk of chipping and cracking. Lightweight and scratch-resistant.
Maximum Protection	Provides the highest level of protection for your vehicle's ute bed. UV stabilised for protection from the harsh sun.

Under rail

Aeroklas Ute Liners are available in over rail and under rail configurations.

Over rail

AEROKLAS CANOPY.

Elevate your 4x4's storage potential and overall look with an Aeroklas Stylish Canopy. Both the inner and outer shells are molded together with no joins or weak areas to bring you twice the strength and durability then a single skinned canopy, featuring a higher impact resistance and ability to reshape after impact.

The smooth finished outer shell is robotically painted to OEM standards and pass OEM testing requirements for paint finishes. Aeroklas Stylish canopies offer an attractive textured finish with no external wiring or bracketry, while the canopy shells are made from 100% recyclable ABS.

Typical Airtec snorkel installation

A TJM Airtec snorkel ensures your 4x4's engine receives clean, dry air in all kinds of conditions.

How a TJM Airtec air ram disperses rain water.

1. Rain water drops entering the air ram of a TJM Airtec Snorkel are captured at the back of the inside curved surface, pooled around the base of the air ram and dispersing through the drain holes.
2. In the off chance that any minute rain water droplets find their way into the snorkel body, they will be atomized at the air filter.
3. Finally, the last line of defence is the original water drain in the vehicle's air cleaner assembly.

TJM Airtec Wedgetail Snorkel also available.

Featuring a sleek design that effectively blends with your vehicle's roof and windscreen profile, TJM Airtec Wedgetail Snorkel rams offer a different look to traditional polyethylene 4x4 snorkels while retaining peak performance.

SHOCK YOUR MATES.

XGS Suspension is designed to elevate your vehicle's core potential and your own driving experience. An XGS Suspension upgrade will make your 4WD more comfortable over changing terrain while improving how it responds while braking, accelerating and cornering. Meanwhile, in addition to added ground clearance for touring and four-wheel driving, XGS Suspension offers outstanding load-carrying and towing capabilities compared to your vehicle's standard suspension system.

XGS GVM PLUS.

Whether it's for work or off-road touring, if you've got yourself a 4WD, chances are you're decking it out with 4x4 essentials such as bull bars, underbody guards, side steps and so on. Doing so can quickly exceed your 4x4's legal Gross Vehicle Mass (GVM), the maximum a vehicle can weigh when fully loaded, and it can have disastrous consequences. Furthermore, everything you place on or in your vehicle adds to the overall GVM as well. This includes fuel, passengers, other cargo and accessories, and even the tow ball load applied by a boat or camper trailer.

BOCAR IS NOW AT TJM.

Since 1970, Bocar has been producing heavy duty alloy ute trays, bull bars, nudge bars and accessories that are synonymous with quality, style, durability and performance.

Bocar design, engineer and test all of their products right here in Australia, to ensure they're more than equipped to suit our tough Australian conditions.

Bocar's goal is to supply high quality heavy duty products and great value for money to everyone in the automotive industry each and every day.

BOCAR
AUTO GEAR SINCE 1970

BOCAR / BUILT TOUGH

BUILT TOUGH, ALLOY UTE TRAYS.

Built tough and ready for whatever you throw at it, Bocar Ultimate & Deluxe Series ute trays continue to set the standard.

Designed, engineered and built right here in Australia, all of our ute trays are well equipped to tackle the challenges of the harsh Australian environment and offer a range of accessories to make your tray your own.

Bocar alloy trays are covered by a 2-year 40,000km warranty.

READY TO PROTECT, STEEL BULL BARS.

Stylish and functional, the Bocar Stockade Series bull bar is built with a seriously strong steel construction and 63mmø rounded tubing. Plus they're safety compliant, airbag compatible and ready to protect you and your vehicle.

All Bocar bull bars are covered by a 2-year 40,000km warranty, giving you peace of mind to get it fitted and get on with the job.

GET THE JOB DONE, ALLOY NUDGE BARS.

For off-road use and the rough Australian environment, you can't be without the protection and safety offered by a Bocar nudge bar.

A Bocar Nudge Bar offers your utility vehicle additional protection from potential dents and scratches, while simultaneously increasing the customisation offered thanks to its built-in accessory mounts.

Bocar nudge bars are covered by a 2-year 40,000km warranty.

OUT OF THERE.

WINCH, WINCH
NUDGE, NUDGE.

Shed some light on your next adventure with our range of lighting solutions. At TJM, we have a huge range of round driving lights, light bars, work lights or camp lights for all your lighting needs.

Vehicle recovery is a potential part of most off-road journeys – be prepared for the unexpected with TJM's range of recovery kits, winches, recovery tracks and more.

A TJM Torq Winch is an essential risk-management tool when venturing to exciting off-road destinations. Our range of Torq Winches have superior power for increased line speed and faster recovery and, because they're available in a wide range of 9,500lb and 12,000lb options, there's a TJM Torq winch to fit your 4x4.

A SPOT IN THE SHADE WHEREVER YOU GO.

A TJM awning gives you instant comfort and protection from the elements wherever you pull up. Swift to set up in under 30 seconds and simple to pack away, TJM awnings are available in three sizes to perfectly suit your travel style.

POWER TO TAKE YOU FURTHER.

Power and communications solutions help you stay on the road (and off the beaten track) safely, more comfortably and for longer. Get equipped at TJM with battery management systems, UHF radios, solar power solutions and more.

BLOW AWAY THE CHASING PACK.

The TJM Pro Series compressor range delivers faster inflation and longer running times thanks to their high flow rates, innovative convection cooling system and 100% Duty Cycle. Painstakingly designed and brilliantly engineered, TJM Pro Series compressors boast unbeatable endurance and performance.

DRAWER-DROPPING STORAGE.

JOIN OUR CLUB.

GET OFF-ROAD SOONER.

Aeroklas Drawers are lightweight yet strong thanks to their galvanised steel chassis that's finished with glass-filled polypropylene top panels and wing kits.

Meanwhile, Aeroklas Drawers utilise a fully sealed runner system to make sure they work reliably and rattle-free time and time again - whether you're on the job site, on the road or at camp.

Join Club TJM today to get access to heap of exclusive member-only benefits: sneak peeks at new products, special offers on gear, entry to mouth-watering competitions, quick and easy online quoting and VIP guides and off-road tips to help you explore more.

Buy now, pay later with Zip. Enjoy interest-free payments on purchases at TJM so you can get equipped with anything from a camp chair to a full 4x4 fit-out, today. With Zip, you can own what you love and pay how you like.

GET EQUIPPED FOR ANYTHING.

4X4 FITOUTS

Every TJM distributor is equipped with a fully functional workshop and experienced fitment staff that can help get your 4x4 ready for whatever lies ahead. After purchasing fitted accessories like a bull bar, recovery winch, side steps, canopies and more, simply ask our team to organise fitment of your new gear to your vehicle.

DUAL BATTERY SYSTEM SETUPS

If you want to have instant access to power from your vehicle – whether it's to power camping lights, a fridge or various 12v appliances – an auxiliary power system is essential. Talk to your local TJM distributor to find the right system and to get our expert team to install it, giving you peace of mind and the power to go further.

SUSPENSION & GVM UPGRADES

Upgrading your vehicle's suspension system or Gross Vehicle Mass (GVM) enhances your 4x4's on and off-road potential by increasing its ride, comfort, handling and load-carrying capability. As suspension experts, TJM can tailor a suspension solution to suit you, your vehicle and the loads you need to carry.

STORAGE SOLUTIONS

You can store more and do more with your 4x4 thanks to TJM's range of exceptional storage solutions. Ranging from customised drawer systems to ute canopies that seamlessly integrate with your vehicle, TJM has the perfect storage solution to help you carry more gear, access it faster and protect it better.

COMMUNICATIONS INSTALLATIONS

Tools like antennas and UHF radios combine to give you the ability to communicate with other travellers and get help in emergency situations when in remote areas. Find out which setup is right for you and get it installed in your vehicle quickly and professionally visiting a TJM distributor and consulting with our experienced team members.

PRE-TRIP INSPECTIONS

Any off-road trip can be cut short if your vehicle is not properly prepared for the journey. Guard yourself and your vehicle from some potential surprises by getting our expert staff to have a look at the state of your 4x4 before you hit the road.
