4X4 EQUIPPED

TAKE THE LEAD WITH TJM.

At TJM, we understand the importance of being prepared: prepared for the adventure you're searching for and prepared for the unexpected bumps along the way. That's why we design, test and manufacture products to help you get 4x4 equipped to take on the most challenging off-road conditions imaginable. So, what are you waiting for? It's time to Take The Lead with TJM.

TAKE
THE
LEAD.

4X4 EQUIPPED

OUR LEGENDARY STRENGTH STARTS WITH OUR SOLID FOUNDATION.

Our innovative winch frame mount system not only gives your recovery winch a secure home, but its connection to your vehicle's chassis is so strong that it allows us to include rated recovery points as standard - giving you the strongest possible bull bar and an extra recovery tool all at once.

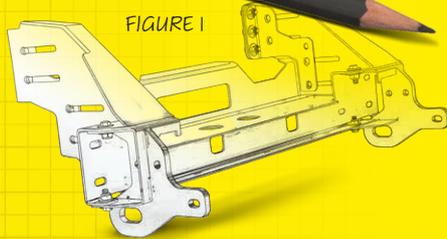

FIGURE 1

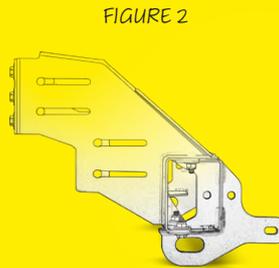

FIGURE 2

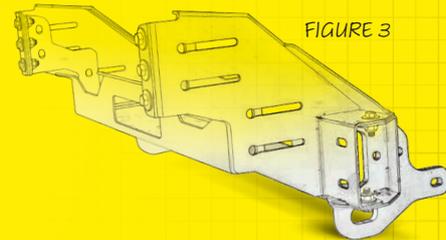

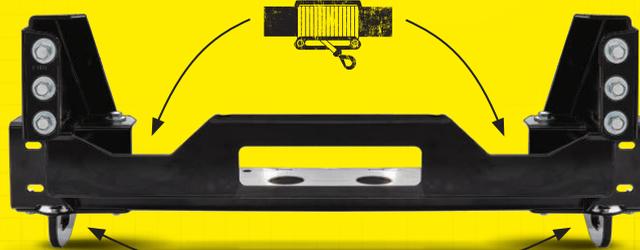

FIGURE 3

OUR PATENTLY STRONG STEEL WINCH FRAME CREATES A SECURE HOME FOR YOUR CHOICE OF RECOVERY WINCH.

8000_{KG}

OUR DESIGN IS SO STRONG THAT RATED RECOVERY POINTS AREN'T A BOLT-ON EXTRA - THEY'RE A STANDARD FEATURE.

TJM ENGINEERS REPLICATE THE VEHICLE'S CRUSH CHARACTERISTICS THROUGH OUR UNIQUE MOUNTING SYSTEM. WE'VE ACHIEVED THE MAXIMUM PROTECTION FOR YOU AND YOUR VEHICLE WITHOUT AFFECTING THE VEHICLE'S AIRBAG TRIGGERING SYSTEM.

AND ENDS WITH ONE OF THE MOST FEATURE-PACKED BARS IMAGINABLE.

Our bull bars are designed to be as functional as they are strong, which allows your 4x4 to reach its true potential.

TJM OUTBACK BULL BAR.

TJM's Outback bar for the Ford Ranger incorporates a high-flow grille system to ensure the powertrain receives as much airflow as possible while still maintaining optimal strength during impact events. Its unique design is made from high-strength steel and finished with our world class powder coat to maximise durability in the harshest conditions imaginable.

WEIGHT WITHOUT ACCESSORIES = 64.7KG
 DISTANCE OUT FROM OE BUMPER = 184MM
 DISTANCE BETWEEN CATOS = 788MM

* Weight added to vehicle once OEM components removed. Excludes accessories.

Features and benefits

Ultimate protection:

- 63mm^Ø steel tubing.
- Multi-fold steel channel (increased strength where it counts).
- One piece rolled Cato uprights.
- Under wing protection guards.

Offroad capable:

- Designed for optimal approach angle.
- Reinforced T-slot recovery jack points.
- Accommodates large driving lights.

- Dual, fully integrated recovery points (comes with bar - no additional cost added).

Customised for Ford Ranger

- Provision for fitment of dual aerials.
- Does not void your new vehicle warranty.
- Bumper replacement.
- Fully compatible with Ford Smart Driver Assist Technology.
- Black powder coat finish (satin).
- Provisions for OE front parking and side sensors as standard.

Technical specifications

Safety	Compatible with Ford Smart Driver Assist Technology, Active Cruise Control, Pre-Collision Safety System, Lane Departure Alert with Brake to Steer, Lane Trace Assist.
Winch compatibility	Rated to take up to 9,500lb winch
Recovery points	Combined 8000kg rating with equaliser strap
ADR	Australian Design Rule compliant

Boasting an all-steel construction that's designed to thrive in extreme conditions, the TJM Outback bar delivers unparalleled protection for your 4x4.

TJM VENTURER BULL BAR.

TJM's Venturer bar doesn't just look good, it delivers too.

Featuring a bold angular design, supreme impact protection (thanks to its all-steel construction), 8000kg recovery points as standard, and an optional top hoop - this bar delivers both all-star looks and real-world protection no matter what.

DISTANCE OUT FROM OE BUMPER = 168MM
WEIGHT WITHOUT ACCESSORIES = 49.7KG

* Weight added to vehicle once OEM components removed. Excludes accessories.

Features and benefits

Ultimate protection:

- High-strength steel channel (increased strength where it counts).
- Optional hoop fitment available.
- Under wing protection guards.
- Steel construction throughout.

Offroad capable:

- Designed for optimal approach angle.
- Reinforced T-slot recovery jack points.
- Accommodates large driving lights and off road work lights.

- Dual, fully integrated recovery points (comes with bar - no additional cost added).

Customised for Ford Ranger:

- Dual aerial mounting positions.
- Does not void your new vehicle warranty.
- Bumper replacement.
- Fully compatible with Ford Smart Driver Assist Technology.
- Textured matte black finish with stainless steel mesh inserts.

Technical specifications

Safety	Compatible with Ford Smart Driver Assist Technology, Active Cruise Control, Pre-Collision Safety System, Lane Departure Alert with Brake to Steer, Lane Trace Assist.
Winch compatibility	Rated to take up to 9,500lb winch
Recovery points	Combined 8000kg rating with equaliser strap
ADR	Australian Design Rule compliant

From all-star looks to protection where it matters most, with the TJM Venturer Bar even the most extreme conditions don't stand a chance.

TJM TRADESMAN BULL BAR.

The Tradesman bar packages classic TJM design cues with practical features that make it equipped for any job. Characterised by an all-steel construction and high-end multi-fold channel, the Tradesman delivers strength and functionality, while its design ensures the bar is airbag compatible and ADR compliant.

WEIGHT WITHOUT ACCESSORIES = 70KG
 LENGTH IN FRONT OF BUMPER = 161MM
 DISTANCE INSIDE CENTRE HOOP = 655MM

Features and benefits

- 76mm^ø centre tube and 63mm^ø outer tube.
- Steel construction throughout.
- Bumper cut design.
- Centre and under wing guards standard.
- Designed for optimal approach angle.
- Flush mounted combination LED indicator/park lights with tough polycarbonate lenses.
- Accommodates large driving lights.
- Provision for fitment of dual aerials.
- Satin black powder coat finish.
- 2 x Recovery jack points.
- Winch fitment provisions.
- Optional fog light fitment.
- Does not void your new vehicle warranty.

Technical specifications

Safety	Compatible with Ford Smart Driver Assist Technology, Active Cruise Control, Pre-Collision Safety System, Lane Departure Alert with Brake to Steer, Lane Trace Assist.
Winch compatibility	Rated to take up to 9,500lb winch

ADR	Australian Design Rule compliant

 EXCELLENT VEHICLE PROTECTION	 ALL-STEEL CONSTRUCTION	 ULTRA RELIABLE AND DURABLE	8000^{KG} RATED RECOVERY POINTS STANDARD	 READY FOR ACCESSORIES
 DESIGNED & ENGINEERED IN AUSTRALIA	 ADR COMPLIANT	 AIRBAG COMPATIBLE	3YR 3 YEAR WARRANTY	 AUSTRALIA WIDE SUPPORT

Combining a proven bull bar design with extraordinary functionality, the TJM Tradesman bar is equipped for any job.

TJM REAR PROTECTION STEP TOW BAR.

Whether you're on a bumpy track or in a carpark, the back of any 4x4 is susceptible to panel and bumper damage. With a TJM Rear Protection Step Tow Bar, you can guard the back of your 4x4 and give yourself peace of mind. The TJM Rear Protection Step Tow Bar offers supreme protection while making rear vehicle access simple and safe.

- Optional rear protection tube set available featuring 63mm^Ø steel pipework for excellent rear corner protection.
 - Durable and light weight black alloy checker plate step provides easy access to the rear and side of the vehicle.
 - Reinforced T-slot recovery jack points.
 - ADR62 certified, class 4 heavy duty towbar*.
 - Does not void your new vehicle warranty.
 - Tested for maximum towbar capacity 3500kg - maximum towball down load 350kg. Refer to manufacturer's handbook for maximum towing loads.
- *50mm hitch supplied as standard (tow ball not included with hitch).

WEIGHT = 47KG

*TJM recommend not leaving the tow hitch in the hitch receiver to minimise the possibility of sensors activating.

** Shown with optional TJM Protection Tube Set & Seeker Series Pod Lamps

Add extra protection and functionality to the back of your 4x4 with a TJM rear bar.

TJM SIDE BARS & SIDE STEPS.

TJM Side Bars and TJM Side Steps allow you to protect and access your Ranger with ease. TJM Side Bars feature a strong yet lightweight 63mm^Ø tube section that provides optimum protection for the guards, along with additional support for your bull bar's tubing and side steps.

TJM Side Steps and TJM Side Bars are uniquely designed to be modular. This means a TJM Side Step can be fitted independently of a TJM Side Bar, which gives you the freedom to have side steps fitted to your 4x4 with the option of adding side bars later.

- 63mm^Ø steel side bar tubing provides unrivalled wheel arch, flare, and panel protection.
- Styled to complement the Ranger's unique design.
- Boasting a sleek satin black powder coat finish (with textured black powder coating on alloy checker plate step plates) to maximise durability.
- Airbag compliant.
- Heavy-duty steel modular design side steps mounted directly to chassis rail.
- ADR compliant.

Technical specifications

Material	Black powder coat steel with black alloy checker plate step tread
Size	Chassis mounted 63mm ^Ø tube
ADR	Side airbag compliant

AEROKLAS UNDER RAIL UTE LINER.

Designed to protect and made to last, Aeroklas Under Rail Ute Liners are the perfect shield for the inner side of your ute bed.

Aeroklas Under Rail Ute Liners are constructed from High-Density Polyethylene (HDPE) plastic, which is incredibly strong, lightweight and maintenance-free. The strength and durability of this material eliminates the risk of the ute liner chipping or cracking.

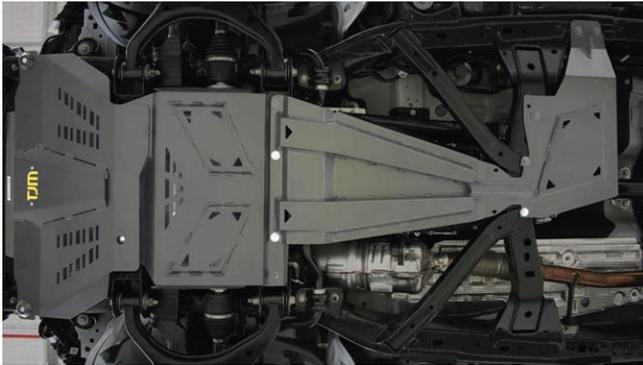

Technical specifications

HDPE Construction	Robust yet flexible. Eliminates the risk of chipping and cracking. Lightweight and scratch-resistant.
Maximum Protection	Provides the highest level of protection for your vehicle's ute bed. UV stabilised for protection from the harsh sun.
Compatible	With middle tie down hooks. With illumination light.

TJM UNDERBODY GUARDS.

To protect the most vulnerable components underneath the vehicle, TJM Underbody Guards are constructed from 3mm thick steel sheet and incorporate strategic folds for incredible strength. They are powder-coated black for corrosion resistance.

- Press folded in strategic areas for maximum strength.
- Front & sump' and 'transmission & transfer' guards available separately.

AEROKLAS STYLISH PLUS CANOPY.

Elevate your Ford Next-Gen Ranger MY22 storage potential and overall look with an Aeroklas Stylish Plus Canopy. Both the inner and outer shells are molded together with no joins or weak areas to bring you twice the strength and durability then a single skinned canopy, featuring a higher impact resistance and ability to reshape after impact.

The smooth finished outer shell is robotically painted to OEM standards and pass OEM testing requirements for paint finishes. Aeroklas Stylish Plus canopies offer an attractive textured finish with no external wiring or bracketry, while the canopy shells are made from 100% recyclable ABS.

CANOPY WEIGHT = 68KG

*4 year on shell and paint, 1 year on componentry. Excludes glass.

The Aeroklas Stylish Plus Canopy features first-class functions and finish to seamlessly integrate with your vehicle.

AEROKLAS ELECTRIC ROLLER COVER.

Keep your belongings safe and secure with the Aeroklas Electric Roller Cover. These roller covers feature a black anodised premium grade aluminium body which is designed to be tough and impenetrable yet light weight.

The Aeroklas Electric Roller Cover operates with your finger through “push button” and “remote control” to open and close and is tough and safer with the central locking that links with your vehicle key fob.

Aeroklas Electric Roller Cover comes with a built-in LED light to make sure that you can easily find the goods you're looking for.

The adjustable spring tension roller system allows you to select an opening speed that suits you, while it also includes a three-stage locking mechanism. Meanwhile, an integrated 4-point drainage system maximises water dispersion to make washing simple and rain a non-issue.

TJM PREMIUM CANOPY.

The TJM Premium Canopy for the Ford Next-Gen Ranger MY22 uses clever design and intuitive features to seamlessly integrate with your 4x4 and protect your cargo. To make vehicle access simple and enhance security, the TJM Premium Canopy features full central locking. The TJM Premium Canopy has self-lifting side windows – activated by hidden push buttons on either side of the canopy – giving you added convenience and functionality.

Constructed from highly durable fibreglass, the TJM Premium Canopy is crowned by tinted and tempered glass windows that add security and UV protection to what's inside your vehicle. Even better, large side and rear windows make accessing the inside of your canopy simple, which is felt-lined to add a high-end finish to your canopy's interior.

TJM AIRTEC SNORKELS.

Deliver clean air to your engine in all kinds of conditions with a TJM Airtec Snorkel. Designed to prevent water and dust ingress into your engine during your travels, you can traverse Australia's many off-road destinations with confidence when you've got a TJM Airtec Snorkel fitted to your 4WD.

Constructed from heavy-duty materials and individually designed to suit the shape of your vehicle, a TJM Airtec polyethylene snorkel ensures your 4x4's engine receives clean, dry air in all kinds of conditions. In combination with excellent impact resistance and durability in extreme temperatures, every TJM Airtec Snorkel is built to perform an essential task and look good while doing so.

Image & diagram for Illustration purposes

Typical Airtec snorkel installation

How a TJM Airtec air ram disperses rain water.

1. Rain water drops entering the air ram of a TJM Airtec Snorkel are captured at the back of the inside curved surface, pooled around the base of the air ram and dispersing through the drain holes.
2. In the off chance that any minute rain water droplets find their way into the snorkel body, they will be atomized at the air filter.
3. Finally, the last line of defence is the original water drain in the vehicle's air cleaner assembly.

TJM Airtec Wedgetail Snorkel also available.

Featuring a sleek design that effectively blends with your vehicle's roof and windscreen profile, TJM Airtec Wedgetail Snorkel rams offer a different look to traditional polyethylene 4x4 snorkels while retaining peak performance.

SHOCK YOUR MATES.

XGS Suspension is designed to elevate your vehicle's core potential and your own driving experience. An XGS Suspension upgrade will make your 4WD more comfortable over changing terrain while improving how it responds while braking, accelerating and cornering. Meanwhile, in addition to added ground clearance for touring and four-wheel driving, XGS Suspension offers outstanding load-carrying and towing capabilities compared to your vehicle's standard suspension system.

XGS GVM PLUS.

Whether it's for work or off-road touring, if you've got yourself a 4WD, chances are you're decking it out with 4x4 essentials such as bull bars, underbody guards, side steps and so on. Doing so can quickly exceed your 4x4's legal Gross Vehicle Mass (GVM), the maximum a vehicle can weigh when fully loaded, and it can have disastrous consequences. Furthermore, everything you place on or in your vehicle adds to the overall GVM as well. This includes fuel, passengers, other cargo and accessories, and even the tow ball load applied by a boat or camper trailer.

BOCAR IS NOW AT TJM.

Since 1970, Bocar has been producing heavy duty alloy ute trays, bull bars, nudge bars and accessories that are synonymous with quality, style, durability and performance.

Bocar design, engineer and test all of their products right here in Australia, to ensure they're more than equipped to suit our tough Australian conditions.

Bocar's goal is to supply high quality heavy duty products and great value for money to everyone in the automotive industry each and every day.

BOCAR
AUTO GEAR SINCE 1970

BOCAR / BUILT TOUGH

BUILT TOUGH, ALLOY UTE TRAYS.

Built tough and ready for whatever you throw at it, Bocar Ultimate & Deluxe Series ute trays continue to set the standard.

Designed, engineered and built right here in Australia, all of our ute trays are well equipped to tackle the challenges of the harsh Australian environment and offer a range of accessories to make your tray your own.

Bocar alloy trays are covered by a 2-year 40,000km warranty.

READY TO PROTECT, STEEL BULL BARS.

Stylish and functional, the Bocar Stockade Series bull bar is built with a seriously strong steel construction and 63mmø rounded tubing. Plus they're safety compliant, airbag compatible and ready to protect you and your vehicle.

All Bocar bull bars are covered by a 2-year 40,000km warranty, giving you peace of mind to get it fitted and get on with the job.

GET THE JOB DONE, ALLOY NUDGE BARS.

For off-road use and the rough Australian environment, you can't be without the protection and safety offered by a Bocar nudge bar.

A Bocar Nudge Bar offers your utility vehicle additional protection from potential dents and scratches, while simultaneously increasing the customisation offered thanks to its built-in accessory mounts.

Bocar nudge bars are covered by a 2-year 40,000km warranty.

AND THERE'S SO MUCH MORE...

_____, CAMERA, ACTION.

GEAR TO GET YOU
OUT OF THERE.

WINCH, WINCH
NUDGE, NUDGE.

Shed some light on your next adventure with our range of lighting solutions. At TJM, we have a huge range of round driving lights, light bars, work lights or camp lights for all your lighting needs.

Vehicle recovery is a potential part of most off-road journeys – be prepared for the unexpected with TJM's range of recovery kits, winches, recovery tracks and more.

A TJM Torq Winch is an essential risk-management tool when venturing to exciting off-road destinations. Our range of Torq Winches have superior power for increased line speed and faster recovery and, because they're available in a wide range of 9,500lb and 12,000lb options, there's a TJM Torq winch to fit your 4x4.

A SPOT IN THE SHADE WHEREVER YOU GO.

A TJM awning gives you instant comfort and protection from the elements wherever you pull up. Swift to set up in under 30 seconds and simple to pack away, TJM awnings are available in three sizes to perfectly suit your travel style.

POWER TO TAKE YOU FURTHER.

Power and communications solutions help you stay on the road (and off the beaten track) safely, more comfortably and for longer. Get equipped at TJM with battery management systems, UHF radios, solar power solutions and more.

BLOW AWAY THE CHASING PACK.

The TJM Pro Series compressor range delivers faster inflation and longer running times thanks to their high flow rates, innovative convection cooling system and 100% Duty Cycle. Painstakingly designed and brilliantly engineered, TJM Pro Series compressors boast unbeatable endurance and performance.

DRAWER-DROPPING STORAGE.

JOIN OUR CLUB.

GET OFF-ROAD SOONER.

Aeroklas Drawers are lightweight yet strong thanks to their galvanised steel chassis that's finished with glass-filled polypropylene top panels and wing kits.

Meanwhile, Aeroklas Drawers utilise a fully sealed runner system to make sure they work reliably and rattle-free time and time again - whether you're on the job site, on the road or at camp.

Join Club TJM today to get access to heap of exclusive member-only benefits: sneak peeks at new products, special offers on gear, entry to mouth-watering competitions, quick and easy online quoting and VIP guides and off-road tips to help you explore more.

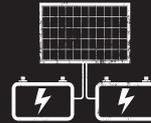

Buy now, pay later with Zip. Enjoy interest-free payments on purchases at TJM so you can get equipped with anything from a camp chair to a full 4x4 fit-out, today. With Zip, you can own what you love and pay how you like.

GET EQUIPPED FOR ANYTHING.

4X4 FITOUTS

Every TJM distributor is equipped with a fully functional workshop and experienced fitment staff that can help get your 4x4 ready for whatever lies ahead. After purchasing fitted accessories like a bull bar, recovery winch, side steps, canopies and more, simply ask our team to organise fitment of your new gear to your vehicle.

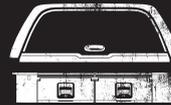

DUAL BATTERY SYSTEM SETUPS

If you want to have instant access to power from your vehicle – whether it's to power camping lights, a fridge or various 12v appliances – an auxiliary power system is essential. Talk to your local TJM distributor to find the right system and to get our expert team to install it, giving you peace of mind and the power to go further.

SUSPENSION & GVM UPGRADES

Upgrading your vehicle's suspension system or Gross Vehicle Mass (GVM) enhances your 4x4's on and off-road potential by increasing its ride, comfort, handling and load-carrying capability. As suspension experts, TJM can tailor a suspension solution to suit you, your vehicle and the loads you need to carry.

STORAGE SOLUTIONS

You can store more and do more with your 4x4 thanks to TJM's range of exceptional storage solutions. Ranging from customised drawer systems to ute canopies that seamlessly integrate with your vehicle, TJM has the perfect storage solution to help you carry more gear, access it faster and protect it better.

COMMUNICATIONS INSTALLATIONS

Tools like antennas and UHF radios combine to give you the ability to communicate with other travellers and get help in emergency situations when in remote areas. Find out which setup is right for you and get it installed in your vehicle quickly and professionally visiting a TJM distributor and consulting with our experienced team members.

PRE-TRIP INSPECTIONS

Any off-road trip can be cut short if your vehicle is not properly prepared for the journey. Guard yourself and your vehicle from some potential surprises by getting our expert staff to have a look at the state of your 4x4 before you hit the road.
