TAKE THE LEAD WITH TJM.

At TJM, we understand the importance of being prepared: prepared for the adventure you're searching for and prepared for the unexpected bumps along the way. That's why we design, test and manufacture products to help you get 4x4 equipped to take on the most challenging off-road conditions imaginable. So, what are you waiting for?

It's time to Take The Lead with TJM.

OUR LEGENDARY STRENGTH STARTS WITH OUR SOLID FOUNDATION.

Our innovative winch frame mount system not only gives your recovery winch a secure home, but its connection to your vehicle's chassis is so strong that it allows us to include rated recovery points as standard - giving you the strongest possible bull bar and an extra recovery tool all at once.

FIGURE 1

FIGURE 2

FIGURE 3

OUR PATENTLY STRONG STEEL WINCH FRAME CREATES A SECURE HOME FOR YOUR CHOICE OF RECOVERY WINCH.

OUR DESIGN IS SO STRONG THAT RATED RECOVERY POINTS AREN'T A BOLT-ON EXTRA - THEY'RE A STANDARD FEATURE.

Image for illustration purposes

TJM ENGINEERS REPLICATE THE VEHICLE'S CRUSH CHARACTERISTICS THROUGH OUR UNIQUE MOUNTING SYSTEM. WE'VE ACHIEVED THE MAXIMUM PROTECTION FOR YOU AND YOUR VEHICLE WITHOUT AFFECTING THE VEHICLE'S AIRBAG TRIGGERING SYSTEM.

AND ENDS WITH ONE OF THE MOST FEATURE-PACKED BARS IMAGINABLE.

Our bull bars are designed to be as functional as they are strong, which allows your 4x4 to reach its true potential.

TJM OUTBACK BULL BAR.

TJM's Outback bar for the Toyota Prado incorporates a high-flow grille system to ensure the powertrain receives as much airflow as possible while still maintaining optimal strength during impact events. Its unique design is made from high-strength steel and finished with our world class powder coat to maximise durability in the harshest conditions imaginable.

WEIGHT = 74.0KG

LENGTH IN FRONT OF BUMPER = 150MM

DISTANCE BETWEEN CATOS = 745MM

* Weight added to vehicle once OEM components removed. Excludes accessories.

Features and benefits

- 63mm^ø tubing
- Under wing protection guards
- Designed for optimal approach angle
- Reinforced T-slot recovery jack points
- Accommodates driving lights
- Provision for fitment of dual aerials
- Does not void your new vehicle warranty
- Bumper cut design
- Fog light blanking covers standard, optional fitment of TJM LED fog lights (Available separately)
- Flush steel mounted LED combination indicator/park lights with tough polycarbonate lenses

Technical specifications

Safety	Compatible with Toyota Safety Sense - Lane Departure Alert (LDA), Pre-Collision Safety system (PCS) with pedestrian detection and Active Cruise Control (ACC)
Winch compatibility	Rated to take up to 9,500lb winch
Recovery points	Combined 8000kg rating with equaliser strap
ADR	Australian Design Rule compliant

Boasting an all-steel construction that's designed to thrive in extreme conditions, the TJM Outback bar delivers unparalleled protection for your 4x4.

TJM SIGNATURE BULL BAR.

The TJM Signature bar effortlessly combines head-turning looks and proper vehicle protection in a light-weight package. Fog and indicator lights are integrated, while large winch access points allow for easy recovery winch access and increased airflow. The Signature bar is also completely compatible with the Prado's in-built safety features, meaning it combines protection, safety and good looks all in one package.

WEIGHT = 57.0KG

LENGTH IN FRONT OF BUMPER = 160MM

DISTANCE BETWEEN CATOS = 730MM

* Weight added to vehicle once OEM components removed. Excludes accessories.

Features and benefits

- 76mm^ø centre tube and 63mm^ø outer tube
- Wing under guards and centre guard
- Designed for optimal approach angle
- Flush steel mounted LED combination indicator/park lights with tough polycarbonate lenses
- Accommodates large driving lights
- Provision for fitment of dual aerials
- Does not void your new vehicle warranty
- Fog light blanking covers standard, optional fitment of TJM LED fog lights (Available separately)

AUSTRALIA WIDE SUPPORT

Crafted from polished alloy and backed by TJM's advanced bull bar design, the TJM Signature bar adds a high level of protection and undeniable aesthetics to any 4x4.

TJM SIDE BARS & SIDE STEPS.

TJM Side Bars for the Toyota Prado provide optimum protection for the vehicle's guards, along with additional support for your bull bar's tubing and vehicle side steps. Featuring strong 63mm^Ø steel tubing, they boast our proven two-piece clamp system that is made from high-strength steel that's finished in black satin powder coat to maximise durability.

TJM's side steps feature 63mm^Ø tubing and durable alloy checker treadplate for safety and reliability. They're also chassis mounted for optimum strength and protection for side sill sections and doors when traversing challenging terrain.

TJM Side Steps and TJM Side Bars are uniquely designed to be modular. This means a TJM Side Step can be fitted independently of a TJM Side Bar, which gives you the freedom to have side steps fitted to your 4x4 with the option of adding side bars later.

- 63.5mm^Ø steel tubing provides unrivalled wheel arch and panel protection
- Styled to complement the Prado's unique design
- 2 tube chassis mount system on each side for increased strength and protection
- Airbag compatible mounting system - does not void your new vehicle warranty
- ADR compliant

Technical specifications

Material	Black powder coat steel with alloy checker plate step tread
Size	Chassis mounted 63mm ^Ø tube
ADR	Side airbag compliant

Constructed from steel and designed to be modular, TJM Side Bars and TJM Side Steps offer exceptional side protection while perfectly complementing a TJM bull bar.

TJM AIRTEC SNORKELS.

Snorkels are commonly the first accessory ever fitted to a four-wheel drive. Air is cooler and cleaner at roof level than air travelling via the bonnet, which means greater fuel efficiency and less clogging of air filters. These are important factors, particularly when four-wheel driving on dry, dusty roads.

TJM Airtec snorkels are manufactured at the highest level. All products are made with leading Australian polymer materials that exceed the Australian Standard for UV stabilisation of UV8, with ratings at UV20-UV24. The colour pigmentation process doesn't cut any corners either, giving you an even, dense and bleed-free product.

Unlike other manufacturers, TJM engineer and design the snorkel individually to suit the natural shape of the vehicle. Proudly Australian made and quality assured, you can have the confidence that a TJM Airtec Snorkel will achieve peak performance on every drive.

Image & diagram for illustration purposes

Typical Airtec snorkel installation

How a TJM Airtec air ram disperses rain water.

1. Rain water drops entering the air ram of a TJM Airtec Snorkel are captured at the back of the inside curved surface, pooled around the base of the air ram and dispersing through the drain holes.
2. In the off chance that any minute rain water droplets find their way into the snorkel body, they will be atomized at the air filter.
3. Finally, the last line of defence is the original water drain in the vehicle's air cleaner assembly.

TJM UNDERBODY GUARDS.

Toyota Prado owners can shield the vital components of their 4x4 with a set of TJM Underbody Guards. Underbody damage from obstacles like tree stumps and rocks can put an end to any off-road trip, but Prado owners can protect their vehicle and keep the adventure going with TJM's range of underbody guards for the Toyota Prado.

All TJM underbody guards are made from 3mm steel and finished with a hard-wearing powder coat for ultimate performance and durability. Specially designed, pressed and folded to provide optimum strength and protection, you can be sure the entire TJM underbody guard range will take the brunt of any impact, ensuring the vital components of your vehicle are out of the firing line.

- Press folded in strategic areas for maximum strength
- Front underbody, sump, transmission, and transfer guards available separately
- Drain access holes for sump and transmission where necessary

SHOCK YOUR MATES.

Whether you're tackling corrugated roads, rough terrain, or planning to tow a caravan across the country, you can't go past a TJM XGS suspension kit to improve every aspect of your drive. You'll be equipped for a smoother, more comfortable ride while also improving road handling, braking ability, noise and vibration.

4WDs have factory engineered suspension, but it's usually only enough to accommodate a boot load of gear and general road driving or limited off-road driving. Installing a set of shock absorbers, a pair of springs or a full TJM XGS suspension kit will immediately transform your vehicle's ride handling, load carrying and towing capabilities

HIGH GRADE DAMPING OIL
PREVENTS THE OIL FROM FOAMING AND EXTENDS SHOCK LIFE.

GEAR TO GET YOU OUT OF THERE.

WINCH, WINCH NUDGE, NUDGE.

Shed some light on your next adventure with our range of lighting solutions. At TJM, we have a huge range of round driving lights, light bars, work lights or camp lights for all your lighting needs.

Vehicle recovery is a potential part of most off-road journeys – be prepared for the unexpected with TJM's range of recovery kits, winches, recovery tracks and more.

A TJM Torq Winch is an essential risk-management tool when venturing to exciting off-road destinations. Our range of Torq Winches have superior power for increased line speed and faster recovery and, because they're available in a wide range of 9,500lb and 12,000lb options, there's a TJM Torq winch to fit your 4x4.

A SPOT IN THE SHADE WHEREVER YOU GO.

A TJM awning gives you instant comfort and protection from the elements wherever you pull up. Swift to set up in under 30 seconds and simple to pack away, TJM awnings are available in three sizes to perfectly suit your travel style.

POWER TO TAKE YOU FURTHER.

Power and communications solutions help you stay on the road (and off the beaten track) safely, more comfortably and for longer. Get equipped at TJM with battery management systems, UHF radios, solar power solutions and more.

BLOW AWAY THE CHASING PACK.

The TJM Pro Series compressor range delivers faster inflation and longer running times thanks to their high flow rates, innovative convection cooling system and 100% Duty Cycle. Painstakingly designed and brilliantly engineered, TJM Pro Series compressors boast unbeatable endurance and performance.

SET UP CAMP.

JOIN OUR CLUB.

GET OFF-ROAD SOONER.

With TJMs extensive camping range along for the ride, setting up camp is easy. From our range of lightweight yet seriously tough camping chairs, to fixed, portable and hybrid camping lights, storage solutions, umbrellas, tumblers and more – if you're after impeccable comfort when you're camping off the grid, TJM has more than got you covered.

Join Club TJM today to get access to heap of exclusive member-only benefits: sneak peeks at new products, special offers on gear, entry to mouth-watering competitions, quick and easy online quoting and VIP guides and off-road tips to help you explore more.

Buy now, pay later with Zip. Enjoy interest-free payments on purchases at TJM so you can get equipped with anything from a camp chair to a full 4x4 fit-out, today. With Zip, you can own what you love and pay how you like.

GET EQUIPPED FOR ANYTHING.

4X4 FITOUTS

Every TJM distributor is equipped with a fully functional workshop and experienced fitment staff that can help get your 4x4 ready for whatever lies ahead. After purchasing fitted accessories like a bull bar, recovery winch, side steps, canopies and more, simply ask our team to organise fitment of your new gear to your vehicle.

DUAL BATTERY SYSTEM SETUPS

If you want to have instant access to power from your vehicle – whether it's to power camping lights, a fridge or various 12v appliances – an auxiliary power system is essential. Talk to your local TJM distributor to find the right system and to get our expert team to install it, giving you peace of mind and the power to go further.

SUSPENSION & GVM UPGRADES

Upgrading your vehicle's suspension system or Gross Vehicle Mass (GVM) enhances your 4x4's on and off-road potential by increasing its ride, comfort, handling and load-carrying capability. As suspension experts, TJM can tailor a suspension solution to suit you, your vehicle and the loads you need to carry.

STORAGE SOLUTIONS

You can store more and do more with your 4x4 thanks to TJM's range of exceptional storage solutions. Ranging from customised drawer systems to ute canopies that seamlessly integrate with your vehicle, TJM has the perfect storage solution to help you carry more gear, access it faster and protect it better.

COMMUNICATIONS INSTALLATIONS

Tools like antennas and UHF radios combine to give you the ability to communicate with other travellers and get help in emergency situations when in remote areas. Find out which setup is right for you and get it installed in your vehicle quickly and professionally visiting a TJM distributor and consulting with our experienced team members.

PRE-TRIP INSPECTIONS

Any off-road trip can be cut short if your vehicle is not properly prepared for the journey. Guard yourself and your vehicle from some potential surprises by getting our expert staff to have a look at the state of your 4x4 before you hit the road.

WE'VE GOT YOUR BACK!
