TAKE THE LEAD WITH TJM.

At TJM, we understand the importance of being prepared: prepared for the adventure you're searching for and prepared for the unexpected bumps along the way. That's why we design, test and manufacture products to help you get 4x4 equipped to take on the most challenging off-road conditions imaginable. So, what are you waiting for? It's time to Take The Lead with TJM.

OUR LEGENDARY STRENGTH STARTS WITH OUR SOLID FOUNDATION.

Our innovative winch frame mount system not only gives your recovery winch a secure home, but its connection to your vehicle's chassis is so strong that it allows us to include rated recovery points as standard - giving you the strongest possible bull bar and an extra recovery tool all at once.

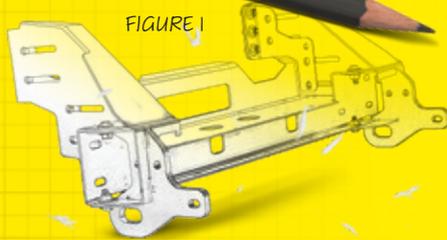

FIGURE 1

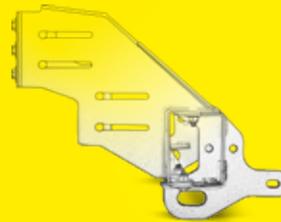

FIGURE 2

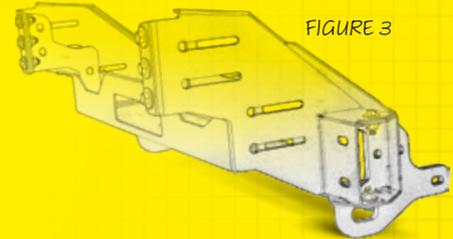

FIGURE 3

OUR PATENTED STRONG STEEL WINCH FRAME CREATES A SECURE HOME FOR YOUR CHOICE OF RECOVERY WINCH.

OUR DESIGN IS SO STRONG THAT RATED RECOVERY POINTS AREN'T A BOLT-ON EXTRA - THEY'RE A STANDARD FEATURE.

TJM ENGINEERS REPLICATE THE VEHICLE'S CRUSH CHARACTERISTICS THROUGH OUR UNIQUE MOUNTING SYSTEM. WE'VE ACHIEVED THE MAXIMUM PROTECTION FOR YOU AND YOUR VEHICLE WITHOUT AFFECTING THE VEHICLE'S AIRBAG TRIGGERING SYSTEM.

AND ENDS WITH ONE OF THE MOST FEATURE-PACKED BARS IMAGINABLE.

Our bull bars are designed to be as functional as they are strong, which allows your 4x4 to reach its true potential.

TJM OUTBACK BULL BAR.

TJM's Outback bar for the Toyota LandCruiser 300 Series incorporates a high-flow grille system to ensure the powertrain receives as much airflow as possible while still maintaining optimal strength during impact events. Its unique design is made from high-strength steel and finished with our world class powder coat to maximise durability in the harshest conditions imaginable.

WEIGHT WITHOUT ACCESSORIES = 64.3KG
 DISTANCE OUT FROM OE BUMPER = 115MM
 DISTANCE BETWEEN CATOS = 794MM

* Weight added to vehicle once OEM components removed. Excludes accessories.

Features and benefits

Ultimate protection:

- 63mm^ø steel tubing.
- Multi-fold steel channel (increased strength where it counts).
- One piece rolled Cato uprights.
- Under wing protection guards.
- 20mm channel radius for added strength and style.

Offroad capable:

- Designed for optimal approach angle.
- Reinforced T-slot recovery jack points.
- Accommodates large driving lights.
- Dual, fully integrated recovery points (comes with bar - no additional cost added).

Customised for LandCruiser 300 Series:

- New 4 in 1 Lights - feature: DRL, FOG, Indicator, and park lights.
- Forward facing air intakes (direct, high-capacity airflow to the twin intercoolers).
- Provision for fitment of dual aerials.
- Does not void your new vehicle warranty.
- Bumper cut design.
- High-strength winch frame customised to the LC300s new chassis design.
- Fully compatible with the Toyota Safety Sense System.

Technical specifications

Safety	Compatible with Toyota ADAS System Active Cruise Control, Pre-Collision Safety System, Land Departure Alert with Brake to Steer, Land Trace Assist.
Winch compatibility	Rated to take up to 12,000lb winch
Recovery points	Combined 8000kg rating with equaliser strap
ADR	Australian Design Rule compliant

TJM SIDE BARS & SIDE STEPS.

TJM Side Bars and TJM Side Steps allow you to protect and access your LandCruiser 300 Series with ease. TJM Side Bars feature a strong yet lightweight 63mm^Ø tube section that provides optimum protection for the guards, along with additional support for your bull bar's tubing and side steps.

TJM Side Steps and TJM Side Bars are uniquely designed to be modular. This means a TJM Side Step can be fitted independently of a TJM Side Bar, which gives you the freedom to have side steps fitted to your 4x4 with the option of adding side bars later.

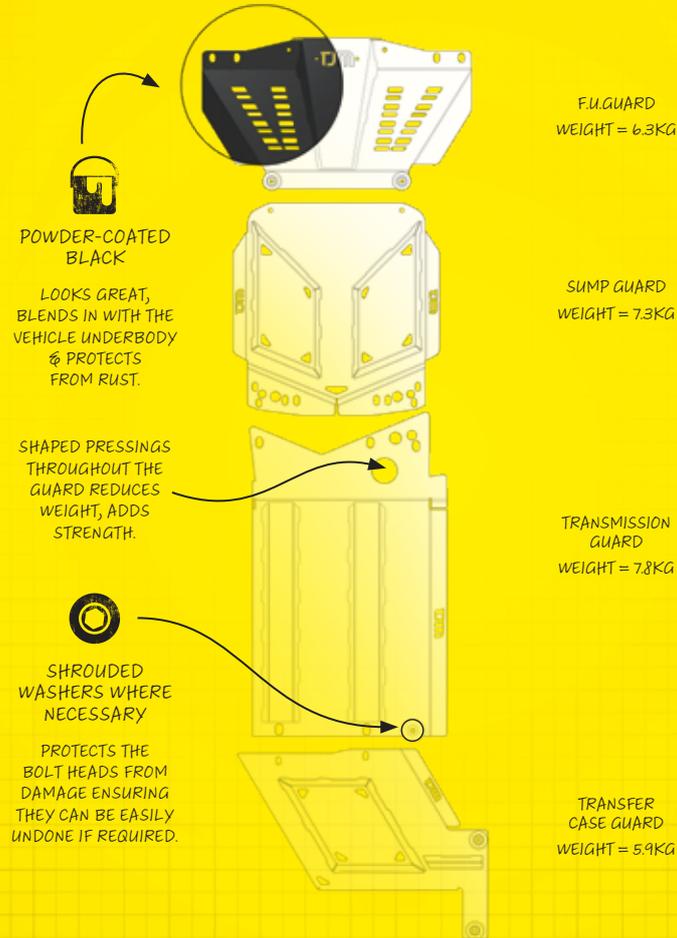

- 63.5mm^Ø steel tubing provides unrivalled wheel arch, flare, and panel protection.
- Styled to complement the LandCruiser 300 Series's unique design.
- Chassis mounted on each side for increased strength and protection.
- Airbag compatible mounting system - does not void your new vehicle warranty.
- ADR compliant.

Technical specifications

Material	Black powder coat steel with black alloy checker plate step tread
Size	Chassis mounted 63mm ^Ø tube
ADR	Side airbag compliant

TJM UNDERBODY GUARDS.

To protect the most vulnerable components underneath the vehicle, TJM Underbody Guards are constructed from 3mm thick steel sheet and incorporate strategic folds for incredible strength. They are powder-coated black for corrosion resistance.

- Press folded in strategic areas for maximum strength.
- Front underbody, sump and transmission guards available separately.

TJM AIRTEC SNORKELS.

Deliver clean air to your engine in all kinds of conditions with a TJM Airtec Snorkel. Designed to prevent water and dust ingress into your engine during your travels, you can traverse Australia's many off-road destinations with confidence when you've got a TJM Airtec Snorkel fitted to your 4WD.

Constructed from heavy-duty materials and individually designed to suit the shape of your vehicle, a TJM Airtec polyethylene snorkel ensures your 4x4's engine receives clean, dry air in all kinds of conditions. In combination with excellent impact resistance and durability in extreme temperatures, every TJM Airtec Snorkel is built to perform an essential task and look good while doing so.

Typical Airtec snorkel installation

How a TJM Airtec air ram disperses rain water.

1. Rain water drops entering the air ram of a TJM Airtec Snorkel are captured at the back of the inside curved surface, pooled around the base of the air ram and dispersing through the drain holes.
2. In the off chance that any minute rain water droplets find their way into the snorkel body, they will be atomized at the air filter.
3. Finally, the last line of defence is the original water drain in the vehicle's air cleaner assembly.

TJM Airtec Wedgetail Snorkel also available.

Featuring a sleek design that effectively blends with your vehicle's roof and windscreen profile, TJM Airtec Wedgetail Snorkel rams offer a different look to traditional polyethylene 4x4 snorkels while retaining peak performance.

SHOCK YOUR MATES.

XGS Suspension is designed to elevate your vehicle's core potential and your own driving experience. An XGS Suspension upgrade will make your 4WD more comfortable over changing terrain while improving how it responds while braking, accelerating and cornering. Meanwhile, in addition to added ground clearance for touring and four-wheel driving, XGS Suspension offers outstanding load-carrying and towing capabilities compared to your vehicle's standard suspension system.

XGS GVM PLUS.

Whether it's for work or off-road touring, if you've got yourself a 4WD, chances are you're decking it out with 4x4 essentials such as bull bars, underbody guards, side steps and so on. Doing so can quickly exceed your 4x4's legal Gross Vehicle Mass (GVM), the maximum a vehicle can weigh when fully loaded, and it can have disastrous consequences. Furthermore, everything you place on or in your vehicle adds to the overall GVM as well. This includes fuel, passengers, other cargo and accessories, and even the tow ball load applied by a boat or camper trailer.

	Original Equipment (OE)	XGS GVM Plus Stage 1	XGS GVM Plus Stage 2
GVM	3280kg	3925kg (+645kg)	4100kg (+820kg)

AND THERE'S SO MUCH MORE...

_____, CAMERA, ACTION.

Shed some light on your next adventure with our range of lighting solutions. At TJM, we have a huge range of round driving lights, light bars, work lights or camp lights for all your lighting needs.

GEAR TO GET YOU OUT OF THERE.

Vehicle recovery is a potential part of most off-road journeys – be prepared for the unexpected with TJM's range of recovery kits, winches, recovery tracks and more.

WINCH, WINCH NUDGE, NUDGE.

A TJM Torq Winch is an essential risk-management tool when venturing to exciting off-road destinations. Our range of Torq Winches have superior power for increased line speed and faster recovery and, because they're available in a wide range of 9,500lb and 12,000lb options, there's a TJM Torq winch to fit your 4x4.

A SPOT IN THE SHADE WHEREVER YOU GO.

A TJM awning gives you instant comfort and protection from the elements wherever you pull up. Swift to set up in under 30 seconds and simple to pack away, TJM awnings are available in three sizes to perfectly suit your travel style.

POWER TO TAKE YOU FURTHER.

Power and communications solutions help you stay on the road (and off the beaten track) safely, more comfortably and for longer. Get equipped at TJM with battery management systems, UHF radios, solar power solutions and more.

BLOW AWAY THE CHASING PACK.

The TJM Pro Series compressor range delivers faster inflation and longer running times thanks to their high flow rates, innovative convection cooling system and 100% Duty Cycle. Meticulously designed and brilliantly engineered, TJM Pro Series compressors boast unbeatable endurance and performance.

SET UP CAMP.

JOIN OUR CLUB.

GET OFF-ROAD SOONER.

With TJMs extensive camping range along for the ride, setting up camp is easy. From our range of lightweight yet seriously tough camping chairs, to fixed, portable and hybrid camping lights, storage solutions, umbrellas, tumblers and more – if you're after impeccable comfort when you're camping off the grid, TJM has more than got you covered.

Join Club TJM today to get access to heap of exclusive member-only benefits: sneak peeks at new products, special offers on gear, entry to mouth-watering competitions, quick and easy online quoting and VIP guides and off-road tips to help you explore more.

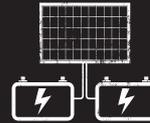

Buy now, pay later with Zip. Enjoy interest-free payments on purchases at TJM so you can get equipped with anything from a camp chair to a full 4x4 fit-out, today. With Zip, you can own what you love and pay how you like.

GET EQUIPPED FOR ANYTHING.

4X4 FITOUTS

Every TJM distributor is equipped with a fully functional workshop and experienced fitment staff that can help get your 4x4 ready for whatever lies ahead. After purchasing fitted accessories like a bull bar, recovery winch, side steps, canopies and more, simply ask our team to organise fitment of your new gear to your vehicle.

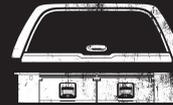

DUAL BATTERY SYSTEM SETUPS

If you want to have instant access to power from your vehicle – whether it's to power camping lights, a fridge or various 12v appliances – an auxiliary power system is essential. Talk to your local TJM distributor to find the right system and to get our expert team to install it, giving you peace of mind and the power to go further.

SUSPENSION & GVM UPGRADES

Upgrading your vehicle's suspension system or Gross Vehicle Mass (GVM) enhances your 4x4's on and off-road potential by increasing its ride, comfort, handling and load-carrying capability. As suspension experts, TJM can tailor a suspension solution to suit you, your vehicle and the loads you need to carry.

STORAGE SOLUTIONS

You can store more and do more with your 4x4 thanks to TJM's range of exceptional storage solutions. Ranging from customised drawer systems to ute canopies that seamlessly integrate with your vehicle, TJM has the perfect storage solution to help you carry more gear, access it faster and protect it better.

COMMUNICATIONS INSTALLATIONS

Tools like antennas and UHF radios combine to give you the ability to communicate with other travellers and get help in emergency situations when in remote areas. Find out which setup is right for you and get it installed in your vehicle quickly and professionally visiting a TJM distributor and consulting with our experienced team members.

PRE-TRIP INSPECTIONS

Any off-road trip can be cut short if your vehicle is not properly prepared for the journey. Guard yourself and your vehicle from some potential surprises by getting our expert staff to have a look at the state of your 4x4 before you hit the road.

WE'VE GOT YOUR BACK!
